

Data Centre Stratford, England

Stratford Data Centre

**Stratford, E15 1NG
London, England**

Our state-of-the-art facility is a 3-story building with all-concrete construction located in a highly accessible part of London. Nearly five kilometers to the southwest of junction 4 of M11 Stratford mainline, the Underground station is 0.3 km from the facility and the city airport is 5.47 km away.

ENTERPRISE
Data Centre Services

data centre

Total Floor Area

9,104 m²

Floor Loading

Ranges from 506 kg/m² to 1530 kg/m²

Clear Heights

Ceiling height is 3.96 m with a clear height of 2.39 m.

Loading Dock

Loading area with a 4 m x 2 m x 3 m freight elevator.

Elevators
