

TATA COMMUNICATIONS “MOVE - MOBILE NETWORK ENABLEMENT™” SERVICES

EASILY LAUNCH MVNOs

SEAMLESS GROWTH FROM SUB-BRANDS AND NEW SERVICES,
WITHOUT LIMITATIONS OR DISRUPTING YOUR EXISTING BUSINESS

As an MNO you need new ways to grow your customer base and market share. Maybe you want to launch a sub-brand in an untapped niche market, offer your clients attractive new services, or give your MVNOs a platform that doesn't jeopardize your customers. Whatever your goal, your core business can't afford to be interrupted by a new service.

Tata Communications MOVE™ is a carrier-grade hosted MVNE platform that provides the solution you've been looking for. We fully manage your operations and maintain our services apart from your main systems for fast and seamless entry into new markets.

STRESS-FREE, MANAGED GROWTH

Tata Communications will work with you to pursue new mobile strategies and manage the many complexities of technology on your behalf for seamless growth. We can fully manage your operational needs. This lets your team focus on executing a marketing strategy to successfully break into your new market.

And we keep things simple for you. With Tata Communications “MOVE - MOBILE NETWORK ENABLEMENT™” services, the new business is separated from your main systems. Your platform won't be disrupted by massive changes, control procedures, priority discussions or multiple projects.

GET FAST, SEAMLESS ACCESS TO THE MARKET

You want to launch your new brand quickly and have no time to waste. Tata Communications can launch sub-brands on its MVNE platform within weeks, instead of months. We offer highly flexible, standardized components that meet market standards and empower you to be self-sufficient by creating propositions, life-cycle management, and add-ons.

Deploying and onboarding your MVNOs with Tata Communications' “MOVE - MOBILE NETWORK ENABLEMENT™” platform is quick and straightforward. You choose the services you wish to contract to your MVNOs, we then manage them through the unique combination of our state-of-the-art platform backed by Tata Communications' world-leading voice/data network.

CREATE THE SERVICE OFFERING YOU WANT AND LEAVE THE REST TO US

KEY FEATURES

- Complete product suite - backed by full support including brand extensions for retailers and mobile/PABX convergence plus call and SMS recording service.

We also support:

- Multi-IMSI and multi-MSISDN roaming services
- Post-pay and pre-pay subscribers
- M2M/IoT service
- Real-time rating
- Usage and policy control
- Global Wi-Fi services
- Multi-tenant architecture - including platform components selected from the 'best-in-class' BSS/OSS providers.

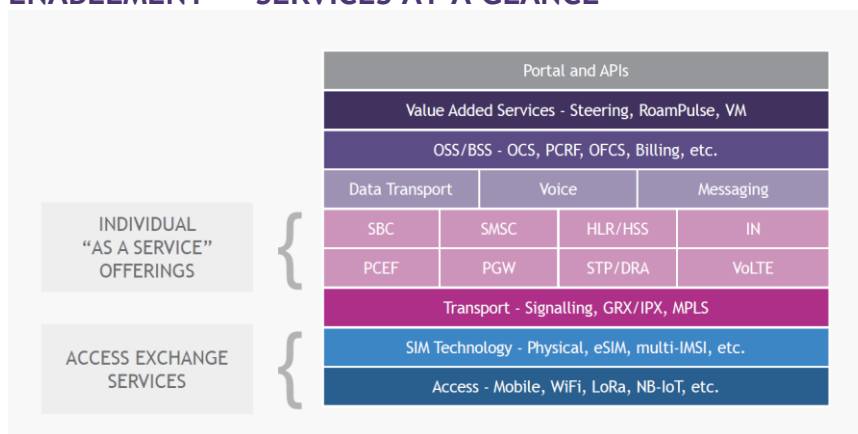

BENEFITS OF OUR MVNE SERVICES

- **Grow your MVNO business internationally** - unlike other provider offerings, Tata Communications MOVE™ is a hosted MVNE service based on our global data and voice network with regional PoPs on five continents.
- **Convenient, end-to-end service for MNOs including management and billing** - our platform's service provides all core processes in real-time, including service control (status of service), charging (usage services) and reporting.
- **Full control for management and customers** - our management portal supports multiple functions and cases (including accounts and access reporting) without the need for additional systems integration. The self-service customer care portal facilitates B2C and B2B order captures.

WHAT WE OFFER IN A NUTSHELL

- Full turnkey hosted MVNE platform
- Delivers the building blocks you need for the success of your sub-brands or channel business
- Low costs to serve your sub-brands or channel partners
- Real-time service control for post-pay and pre-pay subs
- Scalability - both scale-up and scale-down
- Secure channel management environment
- Carrier-grade performance

TATA COMMUNICATIONS “MOVE - MOBILE NETWORK ENABLEMENT™” SERVICES AT A GLANCE

“Through the use of the Tata Communications MOVE™ platform, Antel’s MVNO partners of all sizes and market segmentations are able to launch new mobile and IoT services without making large up-front investments in their own mobile infrastructure, network service management or go-to-market operations.”
Eng. Jorge Suarez
 Deputy CEO, Antel

ABOUT TATA COMMUNICATIONS
