

## TATA COMMUNICATIONS MOVE™ - SIM CONNECT

# GLOBAL SIM FOR ENTERPRISE EMPLOYEES

ACCESS TO MOBILE VOICE, SMS AND DATA  
WITHOUT COMPLICATIONS

As businesses become more global, your employees need affordable connectivity, as well as unfettered access to enterprise applications regardless of where they are. But up until now, this has meant high roaming charges, use of unsecured WiFi or locally purchased SIM cards. Tata Communications MOVE™ - SIM Connect takes a new approach by offering global businesses a new deal that is secure, reliable and cost-effective, bringing predictability to your mobile spend.

Enable employees  
to be the most  
productive, while  
keeping cost  
under control

### TATA COMMUNICATIONS MOVE™ - SIM CONNECT

- **Secure global mobile services with a global SIM** - bringing easy implementation and extendibility to your unified collaboration and communications services, including dedicated VPN-to-Cloud connectivity
- **Single Global SIM** - across 200 destinations and more than 600 networks. No need to use local SIMs or public WiFi to avoid data roaming costs.
- **Network independence** - thanks to smart SIM technology enabling registration on any available wireless network
- **Greater reliability** - multiple MNO coverage available in most countries
- **Greater cost control** - a single global contract, transparent billing, and simple usage model
- **Enterprise-grade security** - Private APNs and/or VPNs possible for secure, private access to your applications
- **High-quality user experience** - delivered through Tata Communications' own globally distributed network, infrastructure, and customer support
- **Available for any enterprise' use case requiring a SIM** - human user connectivity, WAN Gateways, etc.

#### Key Features:
